graph TD; Start([Start]) --> Convert[Convert schedule times to military time]; Convert --> Create[Create device schedule table in Cassandra database for specified day if needed]; Create --> Destroy[Destroy existing data in table]; Destroy --> Insert[Insert all periods into the table]; Insert --> End([End]);
```

Convert schedule times
to military time

Create device
schedule table in Cassandra
database for
specified day if needed

Destroy existing data
in table

Insert all periods
into the table

End
